## **(Department of Steel) Iron and Steel Control**

*Calcutta 1, the 2nd February 1959*

**No. 1/1-1/IP/59**—In the Import policy Notification announced on the 3rd November 1958, it was stated that Import Licences would be issued only for a few specified categories and for the other categories, like Tinplate, Wire, Skelp etc., no import licences would be issued, but the Steel Controller would arrange to import them against foreign credit and supply them on the basis of the recommendations of the Sponsoring authorities. Arrangements are being made for the import of Steel against foreign credits. It has, however, been found that it may not be possible in all cases to supply this Steel in time against the sponsored requirements of various industries.

2. In order to facilitate continuity of supplies for the industries it has now been decided, as a special measure, to issue Import Licences for these categories on the basis of the recommendations of the Sponsoring authorities on the indents already submitted. It should, however, be noted that the import of Steel against foreign credits will continue to be arranged and this Steel will be supplied as originally intended against the sponsored requirements of the industries. The quantities being purchased by the Steel Controller and now being licensed together should meet the requirements of industries during April–September, 1959 period also. As such there will be no further licensing of these items, in the next licensing period.

3. Actual users who have placed indents for these categories may now apply to the Iron and Steel Controller, Calcutta or to his Regional Offices at Bombay or Madras as the case may be for Import licences in the prescribed form. Applications should reach the respective offices by the 15th March 1959.
